📞 (949) 584-1961  
📍 Los Angeles, CA

## EDUCATION

### University of California, Los Angeles

Double Major B.A. in Linguistics & Computer Science, Korean

Graduation: 2023

- GPA: 3.97, Dean's List

## EXPERIENCE

### Microsoft

#### Explore Intern – Yammer Security, Privacy, and Compliance Team

June 2021 – Sept 2021

- Experience the software engineering and project management roles through the 12-week summer internship program
- Gained hands-on experience with various tools and programming languages in the field of software development
- Utilized tools such as Azure DevOps, ASP.NET, SQLite, C#, and Unity to devise and produce a web-based security trivia game to gamify the experience of security training for all Yammer engineers

### Web Development

#### My Portfolio Website

- An aesthetically pleasing site—designed completely by me—that allows a viewer to get to know me and my work

#### Grades of Green

- Integrated a revamped interface, a database, and dynamic display of team data to the WordPress site to facilitate user engagement

### Game Development

#### Wayfarer

- A deckbuilding puzzle game meets a wholesome story about friendship! 395 browser plays and 14 downloads
- Utilized Unity to develop the visual novel interface as a game dev with ACM Studio's 2 quarter long student led game development project

#### Bubble Tea in Quarantine

- A visual novel about tea, boba, and coronavirus with a twist—you fight coronavirus itself! 100+ downloads
- Implemented with Pokémon-esque fight mechanics and coded in Python

## ACTIVITIES

### Upsilon Pi Epsilon – International Computer Science Honor Society

#### Induction Director

May 2021 – Present

- Organized committee meetings and divided responsibilities between co-directors and chairs
- Overhauled the active membership program through adding new requirements and new benefits
- Managed inductees and active members and conducted clubhouse tutoring, orientations, and ceremonies

#### Induction Chair

May 2020 – May 2021

- Managed inductees during the induction process to the honor society as well as active members
- Scheduled tutoring hours for inductees/officers and tracked attendance, and conducted orientations and induction ceremonies

### Association for Computing Machinery – Design Committee

#### ACM Design Officer

November 2020 – Present

- Collaborated with Grades of Green as a developer to rebrand the non-profit organization's website
- Contributed to the creation of a CSS stylesheet according to ACM at UCLA's branding guidelines
- Utilized Figma to complete design requests: Facebook and Instagram advertisements for events run by the different ACM committees

### Liberty in North Korea: Rescue Team

#### Fundraising Director

June 2021 – Present

- Coordinated the development of fundraisers and events for the club
- Communicated with other committees to facilitate fundraisers and events

#### Financial Director

June 2020 – June 2021

- Applied for university grants to fund events and provide honorarium for speaker events and organized financial spreadsheets
- Collaborated on a fundraiser which raised \$2,000 of our goal within a week and cumulatively raised \$3,500

#### Fundraising Intern

Sept 2019 – June 2020

- Initiated and developed fundraisers and events, cumulatively raising \$3,500 and thus exceeding our fundraising goal for the school year
- Expanded outreach through publicity, resulting in 50+ event attendees

## SKILLS

- Programming Languages: C++, Javascript, Python, HTML5, CSS
- Languages: English (fluent), Spanish (intermediate), Korean (intermediate)
